PREFACE

The Conference Proceedings include papers that present international research and development activities by authors from Japan, Iran, Indonesia, the Philippines, Myanmar, and Thailand. The papers are grouped into the following topics:

- Industrial Technology
- Business and Industrial Management
- Engineering and Business Education
- Social Aspects of Engineering and Industry

The papers included in the Proceedings have been assessed by independent peer referees, ensuring their high quality and value of the Proceedings. We are in debt to several distinguished colleagues who dedicated their time and effort to the refereeing of the papers. We wish to acknowledge their outstanding contribution to the Conference and thank them for their support. In addition, we receive strong support from the Japanese Universities for their special articles in the Conference.

On behalf of Thai-Nichi Institute of Technology staff, students, and associates, we express our sincere gratitude to all colleagues for their contributions to the Conference.

LIST OF PAPERS

Industrial Technology

- Cost Reduction through Value Engineering: A Case Study of Packaging Improvement in Rubber Thread and Rubber Tape Industry*, Korakot Hemsathapat, Jakkree Sonpibool, Dumrongkiat Ratana-amornpin, Narongpon Boonsongpaisan, Thai-Nichi Institute of Technology, Bangkok, Thailand **17**
- Sky Temperature Estimation by Three Metallic Plates Method*, Nuttapol Limjeerajarus, Apinya Aksornkij, Sawanya Suwannawong, Sivanappan Kumar, Thai-Nichi Institute of Technology, Bangkok, Thailand **22**
- Building the Domain Ontology for Information Retrieval on Sports Related Concepts*, Nwe Ni Aung, Thinn Thu Naing, University of Computer Studies, Yangon, Myanmar **27**
- Ontology based Combined Approach for Sentiment Classification*, Khin Phyu Phyu Shein, Thi Thi Soe Nyunt, University of Computer Studies, Yangon, Myanmar **33**
- Effect of the Spacer Key on Swage Push out*, Joompon Bamrungwong, Mongkol Mongkolwongrojn, King Mongkut's Institute of Technology Ladkrabang, Bangkok, Thailand **37**
- Enhanced Features Ranking and Selection Using Recursive Feature Elimination Method in Intrusion Detection System*, Kyaw Thet Khaing, University of Computer Studies, Yangon, Myanmar **41**
- De-duplicated Data Backup System in Relational Database*, Than Than Sint, Ni Lar Thein, University of Computer Studies, Yangon, Myanmar **45**
- Industrial Soda-Lime-Silica Sheet Glass Hardened by Zirconia-Reinforced Inorganic Coating*, Thanawat Pongkaew¹, Manut Jaimasith², Palatt Leowkijisiri³, Worapong Thiemsorn⁴, Chiang Mai University^{1,4}, Naresuan University Phayao², Thaitechnoglass Co., Ltd.³, Thailand **50**
- Measurement of Oil-film Pressure Distribution in Engine Sliding Surface Using Thin-film Sensor*, Yuji Mihara, Michiyasu Owashi, Tokyo City University, Tokyo, Japan **55**
- Development of a Tracked Vehicle Robot with 3D Measurement System using Laser Range Finder*, Toyomi Fujita, Yuya Kondo, Tohoku Institute of Technology, Sendai, Japan **60**
- Improving Embroidery Factory Selection Process with a Modified Fuzzy AHP*, Thachanon Dankhate, Wipawee Tharmmaphornphilas, Chulalongkorn University, Bangkok, Thailand **65**
- Effect of Coil-wire Outside Inner Tube on Heat Transfer Enhancement of the Double Pipe Heat Exchanger*, Thanaphol Sukchana, Pathumthani University, Pathumthani, Thailand **70**
- Study on the Liquid Cooling System with Thermoelectric for Personal Computer*, Osot Khonsue, Sittidech Chaitongpun, Rajamangala University of Technology Isan Sakonnakhon, Sakonnakhon, Thailand **75**
- Recognition of Handwritten English Character based on MICR*, Ei Phyo Min, Yadana Thein, University of Computer Studies, Yangon, Myanmar **80**
- Information System for Mobile Medical Service Operation Management*, Dusadee Chansukoo, Paveena Chaovalitwongse, Chulalongkorn University, Bangkok, Thailand **85**
- Optimal Fuel Concentration and Heating Temperature for Solution Combustion Synthesis of $YBa_2Cu_3O_{7-x}$ High Temperature Superconductors*, Oratai Jongprateep, Ratchatee Techapiesancharoenkij, Kawin Tanmee, Kasetsart University, Bangkok, Thailand **90**

<i>Microstructure and Hardness of Compression Mold Fabricated by Fused Deposition Modeling Process</i> , Oratai Jongprateep, Kunnayut Eiamsa-ard, Sirichai Jirawongnuson, Kasetsart University, Bangkok, Thailand	95
<i>Expectation for Diesel Passenger Cars in Thailand</i> , Norio Suzuki, Thai-Nichi Institute of Technology, Bangkok, Thailand	100
